O R D E R

The motion requesting that the prior opinion be issued as a precedential opinion is granted. The panel has made several changes to the original opinion for purposes of clarification. Ordinarily, the precedential opinion would be filed as of the date of the original not precedential opinion. However, in light of the modifications to the original opinion, the now precedential opinion will be filed as of the date of this order. The changes to the opinion do not alter the prior judgment of the Court. The judgment remains filed as of May 12, 2009.
